

Request for Independent Study (LDST 490)

Independent study allows students to pursue research on their own topic of interest under the supervision of a faculty member. Independent study proposals must be submitted to Christine Most for approval by the associate dean for academic affairs **at least two weeks before the beginning of classes** for the semester in which the independent study is to take place. The independent research experience will culminate in a final written product.

Student's Name: _____ **Class Year:** _____

Study Title: _____
